Texas Vineyard Homes
Stacey & Michael DeLeon

Stacey & Michael,

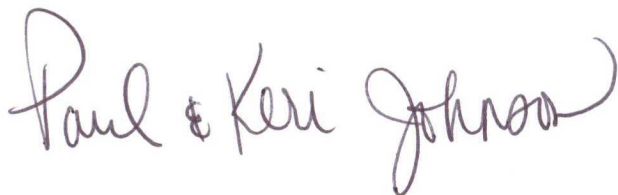

From the time we decided to build our home we were excited and nervous. We did not know who or where to turn. It so happened that during the time we were looking for a builder you were building our pastor's parsonage. Our Pastor, John Johnson of the First United Methodist Church of Blue Ridge, highly recommended you, and now I know why.

Once we decided to have you build our home you went to work and never stopped working for and with us! As everyone knows, building a home is incredibly stressful. However, you minimized the stressful process by being available to us. Your knowledge and expertise as a builder built us a beautiful and safe home.

Your commitment to us was evident during the entire process and now that you have completed our home, you continue to provide us with support and follow up to any and all service requests.

Without any hesitation, we highly recommend Texas Vineyard Homes to anyone that is looking for a builder. Our experience with you was a pleasure and comfort in knowing that you took pride in the product that you built.

Our sincerest appreciation for all that you have done for us!

A handwritten signature in dark ink that reads "Paul & Keri Johnson". The signature is written in a cursive, flowing style.
